

# AN AUSTRALIAN SUCCESS STORY 145 YEARS IN THE MAKING.

Founded in 1878, Blackwoods began as a specialist supplier to the shipping industry. We have grown to become one of our nation's leading and most trusted suppliers of industrial MRO and safety products, including to the Australian Defence Force.

Blackwoods can support businesses with their Australian Industry Capability targets. As part of one of Australia's largest companies, the Wesfarmers Group, Blackwoods provides end-to-end MRO and industrial safety solutions for mining, construction, manufacturing, and of course defence.

Our footprint consists of more than 45 branches and six distribution centres across Australia, spanning cities and rural, regional, and remote locations.

Blackwoods is part of Wesfarmers, a company synonymous with success and pride in its Australian roots.

Today, it is one of Australia's largest employers, and it has nearly half a million shareholders. We have more than 200,000 customers spanning 77,000 sites across Australia and New Zealand. Blackwoods prides itself on the continuity and reliability of its supply chain no matter how remote its customers are.

Blackwoods supplies over 300,000 products across a broad range as well as offers inventory management, shutdown solutions and technical support, both onsite and offsite.
