EMERGING NIGHT FIGHTING TECHNOLOGY - TRANCHE 2 OF PROJECT LAND 53 PHASE 1BR

CASG/LSD/EOI127A/18**13 JUL**

- Expression of Interest - Capability Acquisition and Sustainment Group

The Department of Defence invites suitably qualified contractors to submit a response

regarding Tranche 2 of Project Land 53 Phase 1BR for the supply and support of night fighting technology that will augment, supplement and/or enhance the night fighting capability currently being delivered under Tranche 1 of Project LAND 53 Phase 1BR. Land 53 Phase 1BR is being delivered over two tranches, allowing for an adaptive acquisition approach, as follows:

a. Tranche 1 NFE is currently being delivered, progressively replacing the in-service NINOX and Night Aiming Device (NAD) night fighting equipment with Binocular Night Vision Devices and laser aiming devices.

b. Tranche 2 is to identify and acquire technology that can augment, supplement and/or enhance the Tranche 1 capability. Government Approval of any acquisition under Tranche 2 of the project is expected to be sought in 2020, with supply of approved Tranche 2 equipment and support services commencing thereafter.

Industry Briefing: An Industry Briefing will be held at **Melbourne, Vic (at a location to be advised) from 10:00 AM on Tuesday 19 June 2018**. Tenderers must contact the Enquiries Officer by email, by 4:00 PM on Tuesday 12 June 2018 if wishing to attend.

Closing Date: 4:00 PM Friday 13 July 2018

Enquiries: Project Manager Land 53 Phase 1BR,
Email: Land53.ph1br.t2@defence.gov.au

NEW ZEALAND TENDERS

TRAUMA, RESUSCITATION AND CARDIAC SIMULATION AIDS

RFX_1398**11 JUL**

- Request for Proposal - New Zealand Defence Force

The New Zealand Defence Force (NZDF) wishes to engage with suppliers who can provide Trauma, Resuscitation and Cardiac Simulation Aids and training devices including supporting software, consumables, parts, on-going servicing and can provide an overall training solution to meet NZDFs military health personnel training needs.

NZDF develops and trains personnel to ensure they can effectively operate and be continually upskilled in Trauma, Resuscitation and Cardiac Simulation Aids areas. To ensure this is achieved personnel are to be trained in areas including but not limited to basic first aid (including resuscitation), levels one to seven and some instances above and beyond level seven.

It is key for supplier to have the ability to enhance the capability of training as well as ensure the technologies utilised are up to date with the market.

This procurement process is intended to identify technology training solutions available in the market that can support NZDF requirements and outcomes.

NZDF also encourage the vendor community to respond with innovative solutions to NZDF requirements, potentially identifying training solutions that have not been considered to date. The Agreement will be for an initial period of five (5) years with two right of renewals, one of three (3) years and the other one (1) year.

Closing Date: 5:00 PM Wednesday 11 July 2018

Contact: NZDF Procurement,

Email: dcsc@nzdf.mil.nz
