INTEGRATED LAND TARGET SYSTEM (INTEGRATED LTS)

CASG/LSD/RFI/7679/1

8 MAR

- Request for Information - Capability Acquisition and Sustainment Group

The Integrated LTS Program is a whole of capability approach to land targetry systems to support challenging, realistic, effective and safe combat training. It is endeavouring to identify targetry and related systems that:

- mimic an operational adversary such as a soldier or a tank,
- mimic other targets such as a military materiel or a mine,
- enable skills for the individual and team such as speed of action and accuracy,
- mimic the battlefield physical environment such as peepholes and walls,
- simulate battlefield effects such as the smells and sounds of battle, and
- assist the shooter to learn about his/her physiological reactions like heart rate and breathing, in response to battle conditions.

Additionally, the Integrated LTS Program seeks value for money commercial arrangements that are commensurate with the capability being offered including procurement, leasing or full service arrangements.

Please note that the information sought by this RFI has been identified by Defence as important for planning purposes, and to inform Defence decision making, in relation to the Integrated LTS Program. Whilst you are under no obligation to respond to this RFI we seek to be a smart buyer, fully informed and working with industry partners to ensure our planning, decision making and outcomes occur with the full benefit of information provided by your organisation.

The Integrated LTS Program intends to use the RFI responses to gauge industry capability which will inform the next stage where the Commonwealth may issue none, one or more Request for Tender and/or Request for Proposal sometime in the first half of 2019.

Industry Briefing: An Industry Briefing will be held at **Seasons Botanic Gardens Hotel (348 St Kilda Road, Melbourne, Vic from 8:00 AM to 12:00 AM on Friday 18 January 2019**. Tenderers must contact the Enquiries Officer by email if wishing to attend.

OTHER GOVERNMENT DEPARTMENT TENDERS

DEFENCE SA DEFENCE LANDING PAD

7 JAN

- Expression of Interest - Defence SA

Defence SA is seeking Expressions of Interest from companies to support the delivery of the Defence Landing Pad.

The Defence Landing Pad, located in the heart of Adelaide's CBD, is a one-stop shop supporting international companies to establish a presence in South Australia to explore opportunities in the state's thriving defence and space sectors.

Situated at the new innovation neighbourhood Lot Fourteen, the Defence Landing Pad provides a home to global companies, enabling them to develop their Australia business strategy and plan local operations.

The Defence Landing Pad will provide:

- Access to affordable, short-term office facilities
- Access to government and industry support services in a single location
- Assistance with local regulations, migration, business establishment and real estate
- Information on workforce availability and skilling opportunities

The Defence Landing Pad provides a unique opportunity for international businesses to build relationships with South Australian businesses and create opportunities for supply chain collaboration.

Lot Fourteen, the former Royal Adelaide Hospital site, is being transformed into a creation and

innovation neighbourhood, bringing together entrepreneurs, start-ups, corporations, mentors, researchers and investors in some of the world's fastest growing industries.

Defence SA will compile a list of vetted service providers which will be issued to the companies in the Defence Landing Pad to assist with their assimilation into the Australian Defence industry sector. Expressions of interest (EOIs) are sought from service providers who can demonstrate relevant experience and skills in one or more of the following areas:

1. Immigration Services with visa applications or other visa matters by:
 - preparing, or helping to prepare, a visa application or other documents
 - advising about a visa application or visa matters
 - provision of advice on specific visas that relate to South Australia, skilled workers or other applicable visas

2. Advisory Services including accounting, taxation etc

3. Corporate Services – Banking, business registrations and establishment

4. Business Services including recruitment

5. Language Services to provide interpretative advice

6. Legal Services including commercial, corporate, IP, employment, and migration law

7. Registered tax agents to provide specific Australian tax advice

8. Marketing Services including market research, PR, advertising, event management

9. Real Estate agents – EOIs are welcome from both commercial and residential agents

The provision of support is expected to include the conduct of briefings to one or more prospective organisations and/or one on one advice and guidance of a general nature. It is not envisaged the service providers would charge for these activities but would be free to offer further services to incoming organisations if so requested by those organisations.

SUPPLY OF MEDICAL GRADE FOOTWEAR TO ELIGIBLE PERSONS

MGF_17**30 JUN**

- Request for Tender - Department of Veterans' Affairs

The Department of Veterans' Affairs (DVA) provides eligible members of the veteran community with access to quality health care and support services. The Medical Grade Footwear (MGF) Program is an important part of DVA's health care arrangements and is part of the Rehabilitation Appliance Program (RAP). The MGF Program provides a nation-wide access to a wide range of MGF and related services for entitled persons.

DVA's procurement strategy for the provision of MGF is to improve the MGF supply arrangements and reduce red tape for all stakeholders.

DVA is offering agreements for the supply of MGF products and services through a simplified procurement model where all MGF suppliers who meet the minimum requirements can participate. The key features of the model are:

- DVA publishes the agreement on AusTender and its website so that all potential MGF suppliers have an opportunity to enter into an agreement with DVA.
- MGF suppliers who meet the pre-conditions for the agreement and certify compliance with DVA standards (ie. The Terms and Conditions and the Notes for Medical Grade Footwear Suppliers) will be included on DVA's list of contracted MGF suppliers.
- The agreement stands indefinitely allowing new MGF suppliers to join at any time.
- Prices on the MGF Register and the MGF Fee Schedules are fixed prices and are non-negotiable.
- DVA provides no guarantee of business.

DVA reviews the agreement, the MGF Register and the MGF Fee Schedules periodically.

LOCKHEED MARTIN AUSTRALIA - FUTURE SUBMARINE

22 DEC

- Expression of Interest - Lockheed Martin Australia

Lockheed Martin Australia is the combat system integrator for Australia's Future Submarine Program, partnering with the Department of Defence and Naval Group to design and integrate the combat system for the future fleet.

Lockheed Martin Australia (LMA) is committed to maximising opportunities for Australian industry involvement through all phases of the Future Submarine Program and are seeking interest from industry to inform the design phase of the program.

The Future Submarine Combat System Program presents an opportunity for Australian Industry to participate in an exciting and strategically important program to build and maintain an enduring and regionally superior Australian submarine capability. This is a long program and the technological solutions potentially sought may not necessarily have been invented yet. Therefore, Research and Development (R&D) will play an integral function in the successful delivery of the Program.

Lockheed Martin Australia (LMA) is seeking Expressions of Interest from Australian Industry in regards to potentially available and development variants of submarine-installed UxV recovery systems for UxVs. The UxVs may be ownership launched or UxVs launched from other platforms (referred to as third party UxVs).
