

NEW DEFENCE TENDERS THIS WEEK: 6 February

WHS HAZARDOUS CHEMICALS REGISTER

11870 UPDATE

- Notice - Defence Support and Reform Group

This notification has been issued to provide advance notice of an upcoming approach to market (ATM), which is proposed to be conducted via an open Invitation to Register (ITR) and limited Request for Quote (RFQ) or Request for Tender (RFT) (or similar), with the ITR scheduled for release by the Department of Defence (Defence) by early 2020.

Defence is seeking to procure a hazardous chemicals register database and unlimited user licencing arrangements that meets its technical/functional requirements and offers best value for money. Defence requires both a self-hosted and a cloud-hosted instance. Defence is intending to procure specialist services from the product's supplier which will support information that will be loaded onto the register (e.g. safety data sheets), provide training, and provide limited system support to Defence administrators and ICT specialists. Defence intends to acquire a product that is scalable to a large organisation, for 100,000+ users and which allows multiple users to access the system at any time.

Enquiries: ITR Contact Officer, Tel: (02) 6127 2694, Email: whs.hazchem@defence.gov.au

ENHANCING THE LAND FORCE SUPPORT SYSTEM

HUB-20-AID-001

- Notice - Defence Support and Reform Group

The Department of Defence via the Defence Innovation Hub (Defence) is seeking innovation proposals that will assist Defence to enhance the digitisation of Land Force Support System (LFSS) capabilities to 'sense and respond' and 'simplify capability systems'. Army's Contribution to Defence Strategy describes how Army's teams contribute to the achievement of Strategic Defence Objectives for a safe, secure and prosperous Australia. Army's teams have always adapted to new challenges but are now experiencing changes to the character of warfare at a rate faster than many of Army's processes and structures were designed for. Army has termed this Accelerated Warfare. Accelerated Warfare focuses our thinking on how we prepare for accelerated change, for operations today and into the future. Accelerated Warfare identifies the need for conducting and sustaining land combat operations across a spectrum of conflict (cooperation, competition and conflict). It requires that the Army be connected, protected, lethal and enabled. It means that Army must deliver a support system able to sustain land combat operations in an effective and efficient manner through the leveraging of technology – to provide a balanced, agile and sustainable force. The LFSS synchronises effects (including industry) to prepare, project and sustain training and operation. It must be effective during conflict and aim to be as efficient as practicable during cooperation and training in Australia. The system must be digitised, scalable, protected, agile, resilient, integrated to function across the spectrum of conflict in a range of environments. The

system must be survivable in both environments of electronic and physical threat. The LFSS environment encompasses the CIS network, the capability systems and command and control. This Call for Submissions comprises this Challenge Statement, the Terms and the Assessment Criteria and Process. The Challenge focuses on leveraging technologies to improve situational awareness, decision cycles, simplify processes and optimise support outcomes. The LFSS encompasses all logistics, combat service support, deployable infrastructure and health functions to prepare, project and sustain the Joint Land Force across a diverse range of environments. The Challenge: Defence is seeking innovative proposals that enhance the Land Force Support Systems' ability to 'sense and respond' in the following areas: Bulk Commodity Visibility, Personnel/Patient Tracking and Deployed Principal Item Management. Defence has embarked on a number of activities to improve situational awareness, enhance the physical systems and simplify the LFSS while improving agility, resilience, and assurance including the following:

- JP9111 – Joint Command and Control which is developing a recognised logistics picture that combines data from the logistics transactional system and command and control networks.
- ICT2283 – The Enterprise Resource Planner which will use an SAP product for all logistics, finance and estate transactions.
- L200 – Land C2 system.
- JP8190 – Deployable Bulk Fuel.
- L8140 – Deployable Force Infrastructure (Includes Bulk Water).
- JP2060-3 – Deployable Health

Proposals may complement work associated with the above projects and must align with a sub-theme below:

Sub-theme 1: Bulk Commodity Visibility (fuel, water, ammunition, rations)

Examples of this theme include:

- Enhanced sensor/transactional support systems that reduce manual transactions and improve situational awareness of bulk commodities
- Sensors to assist in the accounting, management, storage, testing, and distribution of bulk fuels and POL.

Sub-theme 2: Personnel/Patient Tracking

Examples of this theme include:

- Personnel tracking systems,
- Improved patient visibility and care status

Sub-theme 3: Deployed Principal Item Management

Example of this theme include:

- Enhanced sensor/transactional support systems that reduce manual transactions and provide positive control of deployed land materiel

Enquiries: Director Assessment & Operations, DCI Branch,

Email: innovation.hub@defence.gov.au

SEA1442 PHASE 5 - MARITIME TACTICAL C3 SUB PROGRAM

JSD/IB/8933/1

- *Industry Briefing - Capability Acquisition and Sustainment Group*

SEA1442 Phase 5 seeks to modernise maritime communications for the Royal Australian Navy (RAN) by acquiring and supporting an enhanced wireless voice and data communications and information exchange capability. The Project's focus is on interoperability and system commonality and its scope includes a number of the complimentary elements that make up modern maritime communications systems, including networks, aggregation and encryption equipment, bearers and antennas. The Project also seeks to employ the flexibility of development and advancing technology to continually evolve the resultant capability to ensure it meet the RAN's needs for the coming decades.

Potential tenderers are invited to attend an upcoming Industry Brief for SEA1442 Phase 5 – Maritime Tactical C3 Sub Program. This briefing is scheduled to be undertaken as part of the Projects preparatory activities which have been designed to facilitate engagement with industry early, and continually, throughout the tender development process.

The purpose of this Industry Brief is to provide information to, and obtain information from, potential tenderers in connection with SEA1442 Phase 5 - Maritime Tactical C3 Sub Program. This briefing is not a procurement and does not form part of any Commonwealth procurement process. The Commonwealth will not down select or exclude (from future participation in SEA1442 Phase 5) any companies based on their attendance or non-attendance at the Industry Brief.

Industry Briefing: An Industry Briefing will be held at **Alastair Swayn Theatre 35 Brindabella Circuit Brindabella Business Park ACT from 10:00 AM to 11:00 AM on Wednesday 19 February 2020**. Tenderers must contact the Enquiries Officer by email, by 3:00 PM on Wednesday 12 February 2020 if wishing to attend.

Enquiries: SEA1442 Phase 5 Project Manager, Email: sea1442phase5.projectteam@defence.gov.au

UPGRADE HOUSES - RMC DUNTROON, CAMPBELL ACT

DHA-PROC-43693

26 FEB

- *Request for Tender - Defence Housing Australia*

Defence Housing (DHA) is seeking tenders from suitably qualified contractors for upgrade works to two (2) houses at Gymkhana Road, Campbell ACT

Mandatory Site Inspection: A Mandatory Site Inspection will be held at **Gymkhana Road RMC Duntroon, Campbell ACT from 10:00 AM to 12:00 PM on Wednesday 5 February 2020**. Tenderers must contact the Enquiries Officer by email.

Works to be completed by 15 June 2020.

Closing Date: 3:00 PM Wednesday 26 February 2020

Enquiries: Procurement, Tel: (02) 6217 8555, Email: procurement@dha.gov.au

Copies of RFT: www.tenders.gov.au

ASMTI PROJECT - GREENVALE, NORTH QLD**AZ6244A****12 MAR**

- Expression of Interest - Managing Contractor Contract (MCC-1 2003) – Project No: AZ6244A

The Australia-Singapore Military Training Initiative (ASMTI) will see the delivery of enhanced military training areas in Central and North Queensland. Under the ASMTI, Singapore will invest approximately AUD 2.25 billion for the Commonwealth to acquire, design, develop and construct military training areas through expanding the existing Shoalwater Bay Training Area (SWBTA) and establishing a new training area near Greenvale, in North Queensland. The construction work at the new training area near Greenvale is expected to be delivered in two phases, Early and Main Works.

This Invitation to Register Interest is for the planned procurement of Managing Contractor (MCC-1 2003) services for the Planning and Construction of buildings, services and infrastructure associated with the Main Works of the new Training Area near Greenvale. The Managing Contractor Contract (MCC-1 2003) is a two stage Contract where the successful applicant is appointed to plan the works (the Planning Phase). The Planning Phase includes all aspects of design, environmental, heritage, services condition and capacity investigations.

The preferred contractor will be employed under the Managing Contractor Contract.

Estimated Value: Up to \$2,250,000,000

Closing Date: 12:00 PM Thursday 12 March 2020

Enquiries: Camella Van Andel (Aurecon Group), Tel: (07) 3173 8263,

Email: BNE.Defence@aurecongroup.com

BUILDING REFURBISHMENT, ARMOURY & RELATED WORKS - AUSTRALIAN AIR FORCE CADETS MORWELL & NEWBOROUGH TRAINING DEPOT VIC**EST03481****13 MAR**

- Request for Tender - Defence Support and Reform Group

The Department of Defence is seeking tenders from suitably qualified contractors for a project that involves armoury works, internal Building Refurbishment and Asbestos removal at Australian Air Force Cadets Morwell and Newborough Training Depot, including but not limited to floor replacement, painting, window covering, lighting upgrade, internal ceiling tiles, security alarm system, roof replacement and minor ablution reconfiguration.

Industry Briefing: An Industry Briefing will be held at **Newborough Training Depot, 255 Monash Rd, Newborough VIC from 10:00 AM to 1:00 PM on Wednesday 26 February 2020**. Tenderers must contact the Enquiries Officer by 5:00 PM on Friday 21 February 2020 if wishing to attend.

Works to be completed within 32 weeks of contract execution.

Closing Date: 12:00 PM Friday 13 March 2020

Enquiries: John Hendrawan, Tel: (03) 9672 6666, Email: Augility.Procurement@ap.jll.com

Copies of RFT: www.tenders.gov.au

LIVE IN ACCOMMODATION BUILDING REFURBISHMENT - LATCHFORD BARRACKS, BONEGILLA VIC

EST03902**16 MAR**

- Request for Tender - Medium Works Contract (EWP MEWC -1 2014) - Project No: EST03902

The Department of Defence is seeking tenders from suitably qualified contractors for a project that involves the refurbishment and remediation of 14 accommodation buildings across Latchford Barracks, Bonegilla Vic. The works include carpet replacement, curtain replacement, installation of tamper-proof self-closers to doors, installation of padlock style locking to wardrobes, internal paint and external paint to buildings. In addition to the above, one building also requires replacement of shower doors to ablution in the building.

Industry Briefing: An Industry Briefing will be held at **Latchford Barracks Guard House, on Mornington Street, Bonegilla vic from 10:00 AM to 12:30 PM on Tuesday 25 February 2020.** Tenderers must contact the Enquiries Officer by 5:00 PM on Monday 17 February 2020 if wishing to attend.

Works to be completed within 40 weeks of contract execution. The preferred contractor will be employed under the Medium Works Contract (Construct only).

Closing Date: 12:00 PM Monday 16 March 2020

Enquiries: Kristine Dennis, Tel: (02) 6274 0729, Email: Augility.Procurement@ap.jll.com

Copies of RFT: www.tenders.gov.au

LAND 154 PHASE 4 - PERSONAL FORCE PROTECTION ELECTRONIC COUNTERMEASURES

RFI/JSD/9668/1**17 MAR**

- Request for Information - Capability Acquisition and Sustainment Group

Personal Force Protection Electronic Countermeasures (Personal FPECM) is a capability to protect individuals from Remote Controlled Improvised Explosive Devices (RCIEDs). Personal FPECM is part of the Land 154 Joint Counter IED Program Phase 4. The Capability Manager (Army) is seeking Personal FPECM for use by Australian Defence Force (ADF) personnel in operational areas where RCIEDs are a threat. Users for Personal FPECM may include personnel in Army, Special Forces, RAAF and Navy.

The RFI is intended to provide the project with information about the:

- maturity of the Personal FPECM market, and
- functionality and form factor (size, weight, power) of developmental and off-the-shelf systems/products.

The project team will conduct a security risk assessment on the respondent (as a company) to determine if the respondent may receive the Unclassified FOUO documents. The Commonwealth has the right to deny access to these documents. More information about this access process is in the Conditions of RFI. The project intends for RFI responses to be from the original equipment manufacturers or authorised resellers.

Closing Date: 3:00 PM Tuesday 17 March 2020

Enquiries: Project Manager, Email: land-154ph4.persecm@defence.gov.au

Copies of RFI: www.tenders.gov.au

FUEL STATION DEMOLITION - WAGGA RAAF BASE NSW

EST03750**20 MAR**

- *Request for Tender - Medium Works Contract (EWP MEWC -1 2014) - Project No: EST03750*

The Department of Defence is seeking tenders from suitably qualified contractors for a project involves the modification of a redundant fuel station area, inclusive of the demolition of the brick structure portion beneath the covered fuel area (cover to remain), relocation of existing light switches from the brick structure to the remaining structure and removal of three underground storage tanks. The existing Tieman loading ramp is to be relocated to beneath the remaining structure in the fuel station area. Within the oil storage yard, the project involves removal of an underground tank and the shed and awning structures. The existing underground tanks and associated fuels system particulars within the scope of this project shall be removed and the sites backfilled upon the completion of works. The fuel station shall be resurfaced with bitumen, whilst the oil storage yard shall be returned to a natural brown site with seeding the area.

Industry Briefing: An Industry Briefing will be held at **RAAF Base Wagga, Sturt Highway, Forest Hill NSW from 10:00 AM to 12:30 PM on Wednesday 26 February 2020**. Tenderers must contact the Enquiries Officer by 5:00 PM on Tuesday 18 February 2020 if wishing to attend.

The preferred contractor will be employed under the Medium Works Contract (Construct only).

Closing Date: 12:00 PM Friday 20 March 2020

Enquiries: Kristine Dennis, Tel: (02) 6274 0729, Email: Augility.Procurement@ap.jll.com

Copies of RFT: www.tenders.gov.au

LAND2097 PHASE 4 SPECIAL OPERATIONS ROTARY WING

HSD/RFT/7300/1**29 MAY**

- *Request for Tender - Capability Acquisition and Sustainment Group*

The Australian Army is seeking a simple, proven and reliable Commercial off the Shelf (COTS) helicopter and support systems that will provide greater options for Special Operations across a range of deployment scenarios. The new helicopter will complement the MRH90 Taipan by improving mobility, firepower and situational awareness effects available to Special Operations. The helicopter, by virtue of its smaller size, will be optimised for operations within dense urban terrain and be rapidly deployable via a C-17A Globemaster.

Closing Date: 12:00 PM Friday 29 May 2020

Enquiries: LAND2097-4 Commercial Manager, Email: land2097.4@defence.gov.au

Copies of RFT: www.tenders.gov.au

DEFENCE TENDERS – AMENDMENTS

BUILDING WORKS - PUCKAPUNYAL MILITARY AREA, VIC

EST01367**10 FEB***Ext. From 3 Feb*

- Request for Tender - Medium Works Contract (EWP MEWC -1 2014) - Project No: EST01367

The Department of Defence is seeking tenders from suitably qualified contractors for a project that involves the refurbishment and remediation of various buildings at Puckapunyal Military Area. The works include tasks such as painting, carpentry repairs, roofing, guttering, downpipes, internal lighting and vegetation removal.

Industry Briefing: An Industry Briefing will be held at **Puckapunyal Military Area Vic from 10:00 AM to 2:00 PM on Wednesday 27 November 2019**. Tenderers must contact the Enquiries Officer by 5:00 PM on Monday 25 November 2019 if wishing to attend.

Works to be completed within 26 weeks of contract execution. The preferred contractor will be employed under the Medium Works Contract (Construct only).

Closing Date: 12:00 PM Monday 10 February 2020

Enquiries: Gareth Edwards, Tel: (03) 3231 1803, Email: Augility.Procurement@ap.jll.com

Copies of RFT: www.tenders.gov.au

BUILDING WORKS - VICTORIA BARRACKS VIC

EST03738**10 FEB***Ext. From 3 Feb*

- Request for Tender - Medium Works Contract (EWP MEWC -1 2014) - Project No: EST03738

The Department of Defence is seeking tenders from suitably qualified contractors for a project that focuses on general building works and resolving a select number non-compliance items identified in fire safety surveys (FSS) conducted in 2015. The works vary for each building and can include services upgrades including HVAC, lifts and fire protection works, external fabric remediation works, internal ramp remediation works, resurfacing basketball court and general maintenance works internal of buildings (replacement of blinds, patch and paint and carpet replacement).

Industry Briefing: An Industry Briefing will be held at **Victoria Barracks, Melbourne Vic from 10:30 AM to 1:00 PM on Wednesday 15 January 2020**. Tenderers must contact the Enquiries Officer by 5:00 PM on Monday 13 January 2020 if wishing to attend.

The preferred contractor will be employed under the Medium Works Contract (Construct only).

Closing Date: 12:00 PM Monday 10 February 2020

DEFENCE DISPOSALS - SCRAPPING AND DISPOSAL OF DEFENCE MATERIEL, MAJOR PLATFORMS & EXPLOSIVE ORDNANCE & RELATED SERVICES

PPD/RFT/12843/1

6 MAR

- Request for Tender - Capability Acquisition and Sustainment Group

The Single Disposal Organisation in Defence is responsible for the disposal of a range of assets when they become surplus to requirement, obsolete or beyond economic repair. The objective of this approach to market is to establish a standing offer panel, under which suitable service providers may be engaged to provide disposal services. The Services for this panel are divided into 3 (three) Service Categories. Tenderers may tender to provide Services in any one (1) or more Service Categories. The three (3) Service Categories are:

- a. Service Category A - General Scrapping and Disposal and Related Services (miscellaneous waste, including scrap bins);
- b. Service Category B – Disposal of Major Platforms and Fleets and Related Services (especially Ships, Aircraft and Land Vehicles); and
- c. Service Category C – Disposal of Explosive Ordnance and Related Services.

Tenderers will only be considered for those Service Categories against which they have provided a tender. Tenderers may be selected for none, some or all Service Categories in respect of which they have tendered. Tenderers will not be eligible to provide Services for any Service Category in respect of which they have not been selected as a successful tenderer.

By June 20 to enter into Contact with Contract term for five (5) years with extension options. **Industry Briefing Roadshow:** An Industry Briefing will be held in **Canberra Museum and Gallery, Cnr. London Circuit and Civic Square, Canberra City, ACT from 10:00 AM to 12:30 PM on Tuesday 11 February 2020.** Tenderers must contact the Enquiries Officer by email, by 5:00 PM on Thursday 6 February 2020 if wishing to attend.

Closing Date: 4:00 PM Friday 6 March 2020

Enquiries: Deputy Director Disposal Projects, Email: disposal.tender@defence.gov.au

Copies of RFT: www.tenders.gov.au

OTHER GOVERNMENT DEPARTMENT TENDERS

LAN AND FIREWALL REFRESH

490108

10 FEB

- *Expression of Interest - CS Energy Ltd*

CS Energy is now seeking Expressions of Interest to support an upgrade of its Local Area Network (LAN) Cisco switches and an upgrade of its operational juniper firewall technologies with that of PaloAlto's. to improve the reliability of network communications and increase IT security across CS Energy. This project will address 2 key items:

- The upgrade of the old cisco switching models with a newer state of the art switching technology to accommodate continued user growth and technology advancement at the same time mitigate new security threats.
- The assessment of the current Operational Technology (OT) firewalls to provide recommendation and implementation of a newer next generation firewall that is capable of identifying newer attack vectors to protect our assets from cybersecurity threats

Closing Date: 12:00 PM Monday 10 February 2020

Enquiries: Dirk Ziolkowski, Email: DZIOLKOWSKI@csenergy.com.au

Copies of EOI: <https://qtenders.hpw.qld.gov.au/qtenders>

TELECOMMUNICATIONS SOLUTIONS - MOBILE AND SATELLITE

RFCCUATEL2019

12 FEB

- *Draft for Comment - Department of Finance WA*

Comments are invited on the draft Request for CUATEL2019 for mobile and satellite solutions. The

CUA will provide these solutions for Western Australian public authorities and other CUA approved users.

CUATEL2019 will replace the current Telecommunications Services CUA (56808) and will:

- allow agencies to procure mobile and satellite telecommunications services along with supporting hardware and software solutions; and
 - provide a whole of government billing management solution for the Contract Authority and agencies with the ability to monitor, manage and optimise services procured under CUATEL2019.
- The Department of Finance is seeking feedback from Industry on the draft Request including pricing documents prior to calling for formal offers. In particular, feedback is sought on the content of the Request, the clarity of the specification of the requirements, the Price Schedules and changes that would enhance the final document. Depending on the nature and content of comments received, there may be amendments to the final Request.

Closing Date: 2:30 PM Wednesday 12 February 2020

NEW ZEALAND TENDERS

REPLACEMENT INFRARED CAMERA

PRO_989

12 FEB

- *Request for Information (Market research) - New Zealand Defence Force*

New Zealand Defence Force have a requirement to replace its cooled MW (mid-wave) Infrared Camera and is seeking potential Suppliers who would be interested in satisfying this demand.

The infrared camera requires:

- Ability to capture imagery over the 1.5 to 5 μm waveband with minimum resolution of 256 x 256 (pixels).
- Ability to simultaneously capture four image channels using standard 1" optical filters.
- Framerate of 100 Hz minimum (all channels combined) along with software to control all functions of the camera and allow export of imagery files to facilitate radiometric calculations using external software, (preferably with MATLAB import functions).
- Together with 100 mm or greater focal-length lens of a material suitable for the 1.5 to 5 μm waveband, OR mounting able to accept pre-existing bayonet mount 100 mm lens (Janos Technology 'Nyctea').

Closing Date: 4:00 PM Wednesday 12 February 2020

RADIOLOGY SERVICES

RFX_1714**13 MAR**

- Request for Proposal - New Zealand Defence Force

The New Zealand Defence Force (NZDF) has a requirement and responsibility to ensure the health and wellbeing of its personnel, including providing radiology services. NZDF is required, amongst other services and platforms, to provide a radiology service for all NZDF Regular Force personnel and Reserve Force personnel when on duty. NZDF is seeking to develop and purchase enhanced radiology services to provide both urgent, planned and unplanned scanning services possibly through a multi-channel approach (Panel Supplier Agreements). The services and offerings need to take into account NZDF deployment, exercises and international footprint for personnel. Whilst NZDF is seeking a panel of suppliers, NZDF will remain open minded as to how the services can best be delivered. The services could be provided by a single provider, consortium or a panel of suppliers. The NZDF wishes to contract with supplier(s) who will provide safe, effective and efficient radiology services to all eligible NZDF personnel by fully trained and qualified staff. The proposed terms of the agreement is five (5) years with one right of renewal of two (2) years.

Closing Date: 2:00 PM Friday 13 March 2020

GYM EQUIPMENT, GYM CONSUMABLES, MAINTENANCE AND SERVICING

RFX_1913**19 MAR**

- Request for Proposal - New Zealand Defence Force

New Zealand Defence Force (NZDF) wishes to engage with a single Supplier or Suppliers to deliver "commercial grade" gymnasium equipment, consumables (Sports and General Fitness Equipment, e.g resistance bands and tennis balls) and maintenance (Services) for the benefit,

health and wellbeing of military Personnel. The agreement terms will be based on a partnership arrangement where the Supplier/s and NZDF will work together to ensure the required standards are met in relation to the gymnasium equipment, gymnasium consumables and maintenance standards provided. Both parties will have specific responsibilities and deliverables as part of a negotiated agreement/s. We envisage the Agreement will be for an initial period of three years with provision for two subsequent rights of renewal, of two years each. This RFP and Agreement will be closed syndicated to enable selected eligible Government Agencies to procure Products under the Agreement.

Closing Date: 2:00 PM Thursday 19 March 2020
