

# NEW DEFENCE TENDERS THIS WEEK: 10 May 2018

## RAAF PLAN JERICHO THINKCAMP

**AFHQ/EOI/006/18****21 MAY**

*- Notice - Defence Support and Reform Group*

The Department of Defence is holding a two day ThinkCamp on 7 and 8 June 2018 to co-design and develop ideas that will enable Defence to frame innovation pathways that could be used to seek the next set of capabilities that will provide Defence with advantage and accelerate RAAF's transformation into a fifth-generation Air Force. The process that will be used during the ThinkCamp will be highly collaborative and rapid. The objective of this event is to use the power of a collaborative approach between industry, academia and Defence to create a vision of potential futures for Air Force that no single participant or actor in the system could have designed alone. The size of this workshop will be capped at 70 participants. If the activity is oversubscribed, the number of participants from each organisation will be capped so respondents are requested to prioritise their nominees.

**Closing Date:** 10:00 AM Monday 21 May 2018

## PRE-RFT INDUSTRY BRIEFING: RETENDER MANAGEMENT OF RELOCATIONS ADMIN AND REMOVALS SERVICES FOR ADF AND DEFENCE CIVILIANS

**RAS-RS 2018**

**31 MAY**

*- Notice - Defence Support and Reform Group*

The Department of Defence wishes to invite interested parties to attend an industry briefing regarding the RFT process Defence will undertake for the provision of the services. The services Defence will be seeking through the RFT include:

1. Relocation administration services, including approving relocation entitlements, collecting

information to allow relocations to occur, case management, processing allowance payments and reimbursements, arranging travel and temporary accommodation. The successful tenderer will manage itineraries, liaise closely with ADF Members and Defence civilians and will interface with whole of government travel and accommodation providers. The provision of the services under the contract will need to be supported by an information technology system; and

2. Establishing and managing panels of removals providers and allocating work to the removal providers through the panel arrangements. Separate panels of providers are to be established for domestic removals (including bulk removals), domestic storage, vehicle removals, overseas removals and valet unpacking. The successful tenderer will not conduct removals (or associated packing and unpacking services) itself. Rather, these activities will be provided by the panel members under subcontracts with the successful tenderer.

Through the industry briefing, Defence will provide preliminary information on the RFT process and Defences' anticipated requirements. The purpose of the industry briefing will be to give industry advance notice of the proposed services and to enable industry to prepare for the forthcoming RFT, including considering options in relation to how each potential tenderer may deliver the services.

Industry will also be given the opportunity to attend individual meetings with Defence for short question and answer sessions, following the briefing.

The purpose of the one-on-one session will be for Industry:

- a) to provide feedback on the approach Defence has outlined in the briefing and;
  - b) to seek any required clarification on the industry briefing material provided in the briefing.
- To ensure that potential tenderers are treated fairly and equitably, Defence will allocate 30 minutes for each one-on-one session.

**Industry Briefing:** An Industry Briefing will be held at [Alastair Swayn Theatre, Brindabella Conference Centre, 33-35 Brindabella Circuit, Brindabella Business Park, ACT](#) from 10:00 AM on Thursday 17 May 2018. Tenderers must contact the Enquiries Officer by email, by 5:00 PM on Monday 14 May 2018 if wishing to attend.

**One-on-One Briefing Session:** The dates and times for these sessions will be allocated by Defence after the date for registration above, but it is expected the sessions will occur on 17 and, if required, 18 May 2018.

**Closing Date:** 12:00 PM Thursday 31 May 2018

**Enquiries:** Daniel Harley, Tel: (02) 6266 3457, Mob: 0405 351 309,

## NOTICE OF INVITATION TO REGISTER INTEREST FOR EMERGING NIGHT FIGHTING TECHNOLOGY

**CASG/LSD/EOI0127/18**

**29 JUN**

- *Notice - Capability Acquisition and Sustainment Group*

Project LAND 53 Phase 1BR Night Fighting Equipment (the 'Project') Tranche 1 is currently replacing the Australian Defence Force's dismounted combatant's night fighting equipment. Tranche 2 of the Project proposes to acquire emerging night fighting technology that will augment, supplement and/or enhance (but not replace) the Tranche 1 capability. It is expected that acquisition and support of multi-spectral night vision capability will be the focus of Tranche 2, capturing technical advances since the selection of the Tranche 1 equipment. No response is required to this notice.

Tranche 2 will commence with the release of an Invitation to Register Interest (the 'ITRI') in mid-2018. The ITRI will seek expressions of interest from industry regarding emerging night fighting technologies which Defence may acquire from 2020. Defence intends to shortlist ITRI responses before conducting a limited Request For Tender with shortlisted respondents.

**Closing Date:** 4:00 PM Friday 29 June 2018

**Enquiries:** Project Manager Land 53 Phase 1BR,

## TELEPHONE SURVEYING MARKET RESEARCH SERVICES

**DHA-PROC-17967**

**17 MAY**

*- Request for Tender - Defence Housing Australia*

Defence Housing Australia (DHA) invites suitability qualified suppliers to tender for Telephone Surveying Research Services. There are three rolling surveys that are to be conducted by phone. The two main surveys are related to housing and maintenance. The sample for the housing survey comprises newly relocated Australian Defence Force members. This survey assesses tenants' satisfaction with moving into and out of DHA managed properties. The maintenance survey measures tenant satisfaction with completed and invoiced maintenance works. The third survey is related to a policy change being trialled in Puckapunyal, Victoria. The Puckapunyal trial survey measures tenant views on the policy change.

## DEFENCE TENDERS - AMENDMENTS

### PRIME VENDOR FOR SUPPLY OF COUNTER-CBRNE GOODS AND SERVICES

**CASG/LSD/NOT0116/18****28 MAY***Ext. From 10 May*

*- Notice - Capability Acquisition and Sustainment Group*

This Notice to Industry (NTI) is to advise that Defence intends to release a Request for Tender (RFT) to establish a long-term Prime Vendor Performance Based Contract for the provision of Counter-Chemical, Biological, Radiological, Nuclear and Explosive (C-CBRNE) goods and services. The proposed C-CBRNE Prime Vendor will be used by Soldier Modernisation Systems Program Office to support the existing CBRNE Fleet (CA26 Fleet) and the Land 3025 Phase 2 (L3025-2) Deployable Special Operations Engineer Capability project.

The C-CBRNE capability is broadly defined by the product category list at Annex A. The CA26 Fleet manages the in-service C-CBRNE capability. Subject to government approval, L3025-2 will further enhance that capability with leading edge niche mission systems.

The establishment of the C-CBRNE Prime Vendor is a key reform initiative to realise savings and efficiencies in the acquisition and management of commercially available C-CBRNE goods and services. The Prime Vendor will demonstrate expertise and industry best-practice that delivers value for money and ensures capability availability. Defence is seeking innovative approaches from industry to deliver a capability support arrangement which reduces capability downtime and increases availability to the Australian Defence Force (ADF). Defence seeks to simplify Defence's transactionally heavy acquisition processes by establishing a single arrangement with a Contractor to provide Defence's CCBNE requirements.

**Closing Date:** 12:00 PM Monday 28 May 2018

**Enquiries:** Project Director Land 3025-2,

Email: l3025ph2lsd.projectoffice@defence.gov.au

### AIR MOVEMENTS FACILITY - PORT MORESBY, PAPUA NEW GUINEA

**206-P8****18 JUN**

*- Request for Tender - Medium Works Contract (INTERNATIONAL)- Project No: 206*

19th Chief Engineer Works (19 CE Wks, the Principal) of the Australian Defence Force participates in the Defence Cooperation Program (DCP) with the Papua New Guinea Defence Force (PNGDF) on behalf of the International Policy Division (IP Div). The aim of the Principal's participation is to undertake construction projects that increase the capacity of the PNGDF.

The Principal was engaged to deliver an Air Movements Facility (AMF) on behalf of the Commonwealth of Australia. Located at Jacksons International Airport, Port Moresby, the delivery of this facility will allow Royal Australian Air Force (RAAF) personnel to support overseas aid under the DCP framework.

The Principal engaged a Design Services Consultant in 2017 for the provision of design services for the AMF. A key deliverable provided by the Design Services Consultant to

support the construction of the AFM was an "Issued for Construction" (IFC) package. The next phase of work within the program is the construction of the AMF. As such, the successful contractor must provide all necessary construction services required for the delivery of the following Works:

- Site preparation (including demolition and replacement of existing airport security fence).
- An extension of an existing portal frame building. The construction will consist of an approximate building area of 250 m<sup>2</sup>.
- Provision of a concrete pavement with approximate surface area of 300 m<sup>2</sup>.
- A power generation system with an Automatic Changeover Switch.

**Industry Briefing:** An Industry Briefing will be held at **the Air Movements Facility, Papua New Guinea Defence Force Air Wing, Jacksons Field, Port Moresby, PNG** from 8:45 AM on **Wednesday 16 May 2018**. Tenderers must contact WO2 Greg Buckley by email at [12works.army@defence.gov.au](mailto:12works.army@defence.gov.au) if wishing to attend.

The preferred contractor will be employed under the International Medium Works Contract (Construct only).

**Estimated Value:** From \$1,500,000 to \$2,500,000

**Closing Date:** 12:00 PM Monday 18 June 2018

## INVITATION TO EXHIBIT AT THE DEPARTMENT OF VETERANS' AFFAIRS 'HEALTH SERVICES TECHNOLOGY AND INNOVATION SHOWCASE'

**DVA\_2018\_20****18 MAY**

*- Expression of Interest -*

The Department of Veterans' Affairs (DVA) is seeking expressions of interest for health service technology companies and service providers to showcase ideas and products which could improve the delivery of health and community services at an event to be held in Canberra on Monday 25 June 2018. The Health Services Technology and Innovation Showcase will allow health service technology companies and service providers to exhibit their health service solutions for the veteran community which could:

- Support innovative models of health care and community-based support;
- Improve the accessibility and connectivity of health services, including in rural and remote areas;
- Allow for the more efficient and effective delivery of health and community services;
- Use 'big data' to improve health service delivery;
- Support improved self-management and monitoring of health conditions; or
- Facilitate more choice and control in the delivery of health and community services.

This Showcase will focus on improving the delivery of health and community services. It excludes medical treatments and surgical devices as the scope of this exercise is to focus on systems and supports for health care rather than new forms of treatment.

DVA is interested in participants from different sectors of the health service technology industry to be exhibitors at the Showcase. To assist DVA in assessing the relevance of each proposal, please use the attached template as a guideline for your submission. You are not restricted to this template but limit the submission to a maximum of three pages. The Showcase will be held in Canberra on Monday 25 June 2018. It is expected that the selected participants will make own travel arrangements to Canberra. The participants will have the opportunity to present their ideas and products in an exhibition style to a select group of DVA executives and interested staff. Each exhibitor will be visited by groups of DVA staff to gain an understanding of the presented product or innovation idea. Exhibitors will have a designated area in a shared room with other exhibitors. Importantly, attendance at the Showcase does not guarantee funding or future engagement from DVA. However DVA may wish to pursue discussions with some participants as a result of the Showcase.

**Closing Date:** 5:00 PM Friday 18 May 2018

**Enquiries:** Project Manager,

Email: [HCS.Community.Services.Policy@dva.gov.au](mailto:HCS.Community.Services.Policy@dva.gov.au)

## MANAGEMENT OF ALICE SPRINGS SATELLITE GROUND STATION (ASSGS) AS A SERVICE

**GA2018/1549**

**25 MAY**

*- Request for Tender - Geoscience Australia*

Geoscience Australia is seeking to appoint a Contractor to manage the ASSGS as a service under Contract for a period of 10 years with a possible extension exercisable by GA of 5 years.

Under the requirement:

- the Contractor becomes a provider of fee-for-service to GA as well as to potentially other public entities and the private sector (subject at all times to CAT and GA's prior approval);
- the Contractor will have to comply with International Traffic in Arms Regulations (ITAR) and obtain all other Approvals if required to do so.

- the Contractor shall be responsible for the day-to-day operations and ongoing support of the ASSGS, including preventative and corrective maintenance and upgrades. All preventative and corrective maintenance and upgrades are to be funded and implemented by the Contractor, subject to GA approval;
- the Contractor is permitted, subject to GA's approval in accordance with the Contract, to contract with other commercial entities and make necessary upgrades to ASSGS for the provision of products and services to customers other than GA without impeding on or adversely affecting GA's operational priorities;
- the Contractor shall assist GA with increasing the importance of, and strengthening the role played by GA in the international Landsat Ground Network (LGN) community;
- the Contractor shall undertake key projects to identify and address technical and regulatory barriers (ASSGS) As A Service barriers, which are impeding Australian space industry's ability to take advantage of key opportunities;
- GA becomes a fee-paying customer in accordance with the Contract with enforceable Service Levels against the Contractor for the acquisition of required data and operational services, as laid out in Section 2.03 (b);
- GA retains the unencumbered ownership of the ASSGS including all major spares, upgrades and enhancements done to the ASSGS Facilities and Systems by the Contractor;
- GA retains absolute operational priority for satellite passes of interest to the Commonwealth government and its allies; and
- GA retains absolute operational priority for satellite passes in the event of scheduling conflicts, emergency management situations and other specific circumstances determined by GA.

## PROVISION OF A CORPORATE UNIFORM FOR COMCAR STAFF

**FIN/010/18**

**31 MAY**

*- Request for Tender - Department of Finance*

COMCAR, within the Department of Finance (Finance), provides high quality car-with-driver services to a broad range of clients, including the Governor-General, the Prime Minister, Cabinet Ministers, Senators and Members of Parliament, members of the Federal Judiciary and heads of Commonwealth agencies. COMCAR also provides transport and associated services to visiting Guests of Government such as Royalty, Heads of State and other foreign dignitaries as well as the delivery of ground transport services at major events (such as the ASEAN-Australia Special Summit, G20, CHOGM, APEC).

Finance is seeking a provider with the necessary experience and capacity to supply and/or manufacture uniforms for COMCAR staff on a national basis (the Services).

The Services sought include, but are not limited to:

- the supply and/or manufacture of a corporate uniform for COMCAR driving staff
- the supply and/or manufacture of a corporate uniform for COMCAR administrative staff
- a comprehensive, online uniform ordering and management system
- a comprehensive distribution process for delivery of uniforms

- an effective measuring system including provision of a suitable process for fitment and sizing of garments and accessories in all COMCAR locations
- co-ordinate repairs and alterations in a timely and effective manner in all COMCAR locations.

It is expected that the successful Supplier will be engaged for an initial period of three (3) years, with options to extend the arrangement for up to two (2) additional periods of one (1) to three (3) years each, exercisable at the sole discretion of Finance.

## PROVISION OF CIVIL MAINTENANCE SERVICES AT MELBOURNE METROPOLITAN AND REGIONAL WAR CEMETERIES IN VICTORIA

MELMET/01-18

31 MAY

### *- Request for Tender - Department of Veterans' Affairs*

The Office of Australian War Graves (OAWG), Department of Veterans' Affairs, is responsible for the official commemoration of those whose deaths have been attributed to their war service. Those veterans whose deaths have been accepted as war related are generally commemorated by means of an individual headstone, plaque at a grave site, in a Garden of Remembrance or at a crematorium and these commemorations are maintained in perpetuity by OAWG. The purpose of this Approach To Market is to engage suitably qualified contractors across five (5) geographical locations to provide civil maintenance services for war graves, to a high standard, befitting those whose deaths were attributed to their war service. The period of this contract will be for three (3) years unless varied or extended for further period/s not exceeding 24 months. The contractors will be expected to utilise OAWG asset data and information systems into work practices where possible and instructed. This data will allow for site and commemoration details to be available to the contractor and will also provide image capture and electronic maintenance recording for quality assurance and processing of payment for services. Adequate training will be provided as part of the induction contract mobilisation stage.

**Closing Date:** 3:00 PM Thursday 31 May 2018
