

NEW DEFENCE TENDERS THIS WEEK: 23 April 2020

VULNERABILITY MANAGEMENT SERVICES

DHA-PROC-46049

30 APR

- Request for Tender - Defence Housing Australia

Defence Housing (DHA) is seeking tenders from suitably qualified contractors for Vulnerability Management Services. DHA has commenced a program of work to uplift the overall levels of compliance with the Australian Cyber Security Centre's (ACSC) Essential Eight Mitigation Strategies. To meet the defined target maturity levels a total of 17 remediation activities will be undertaken. These activities relate to enhancing existing technologies, improving our security products and developing documentation that support the implementation of the Essential Eight mitigation strategies. The program of work includes the implementation of compliance based Vulnerability Management for our IT Systems and Services. DHA has determined that the Tenable Nessus is the World's first Cyber Exposure platform product and is most efficient for what DHA is requesting. This product is part of the Industry Standard and aligns with the current ACSC Essential Eight Strategies. The product provider will need to address the following requirements to cover up to 1500 IP addresses:

- Desktops - Identify & Mitigate existing vulnerabilities in applications, OS, firmware & drivers.
- Servers - Identify & Mitigate existing vulnerabilities in applications, OS, firmware & drivers.
- Develop a process to identify & manage new vulnerabilities.
- Ongoing maintenance and support of the implemented product even after the product is delivered.
- Professional services and engineers to be included.

Closing Date: 5:00 PM Thursday 30 April 2020

Enquiries: Procurement, Tel: (02) 6217 8555, Email: procurement@dha.gov.au

FAN COIL UNIT

205

8 MAY

- *Expression of Interest - Naval Group*

The Program seeks to establish the Australian industrial capability necessary to support the build, operation and sustainment of the Future Submarine. This will involve maximising the involvement of Australian industry in all phases of the Program without compromising capability, cost, schedule or risk. Australia's Future Submarines will be built in Adelaide, Australia. Naval Group is looking for a manufacturer of a fan coil unit that is used to provide both heating and cooling on board the Australian Future Submarine. The unit consists of an electric fan, air-to-liquid heat exchanger, heating element and condensate draining pump in a contained Stainless Steel or Steel frame of approximate size of 500 to 800 mm by 500 to 800 mm by 250 to 300 mm.

Closing Date: Friday 8 May 2020

Enquiries: Bettina Venner, Tel: (08) 8303 2056, Email: bettina.venner@sa.gov.au

Or: Jeff Camburn, ICN SA, Tel: (08) 8303 2054, Email: jeff.camburn@sa.gov.au
