LANDING HELICOPTER DOCK ASSET CLASS PRIME CONTRACTOR

CASG/MSD/RFI0119/18

11 JUN

- Request for Information - Capability Acquisition and Sustainment Group

The Department of Defence is seeking responses from suitably qualified contractors indicating willingness and capacity to provide ongoing sustainment and support for the Canberra class Landing Helicopter Dock ships (LHDs), LHD Landing Craft (LLCs) and associated shore support facilities (the LHD Assets).

In the sustainment and support of the LHD Assets, the LHD System Project Office (LHDSPO) is moving from the initial five-year (2014-2019) Transitional Support Period (TSP) arrangement to a mature long term, steady state sustainment arrangement. This requires a change in sustainment architecture to provide an outcome focused, holistic productivity and performance-based contract aligned with the current directions and policies required of long term Defence sustainment arrangements. In particular, this arrangement needs to provide for a long term strategic partner to integrate with Defence as a steward of the LHD Asset Class for the long term.

The approach to market is intended to be conducted through two stages. This ITR will be used to narrow down a shortlist of ITR respondents, followed by a formal Request For Tender (RFT) stage with the shortlisted ITR respondents. Defence at this stage anticipate signing a final contract for the delivery of the services by the end of 2018.

Industry Briefing: An Industry Briefing will be held at [Mitchell Theatre, Level 1, Sydney Mechanics School of Arts, 280 Pitt Street, Sydney, NSW from 10:00 AM on Monday 30 April 2018](#). Tenderers must contact the Enquiries Officer by email, on Friday 27 April 2018 if

wishing to attend.

1-on-1 briefing sessions will be provided in the week commencing 30 April 2018.

Tenderers must contact the Enquiries Officer by email, by 4:00 PM on Monday 30 April 2018 if wishing to attend.

Closing Date: 4:00 PM Monday 11 June 2018

Enquiries: Paul Heiskanen (LHDSPO Commercial Director),
