EMERGING NIGHT FIGHTING TECHNOLOGY - TRANCHE 2 OF PROJECT LAND 53 PHASE 1BR

CASG/LSD/EOI127A/18

13 JUL

- Expression of Interest - Capability Acquisition and Sustainment Group

The Department of Defence invites suitably qualified contractors to submit a response regarding Tranche 2 of Project Land 53 Phase 1BR for the supply and support of night fighting technology that will augment, supplement and/or enhance the night fighting capability currently being delivered under Tranche 1 of Project LAND 53 Phase 1BR. Land 53 Phase 1BR is being delivered over two tranches, allowing for an adaptive acquisition approach, as follows:

- Tranche 1 NFE is currently being delivered, progressively replacing the in-service NINOX and Night Aiming Device (NAD) night fighting equipment with Binocular Night Vision Devices and laser aiming devices.
- Tranche 2 is to identify and acquire technology that can augment, supplement and/or enhance the Tranche 1 capability. Government Approval of any acquisition under Tranche 2 of the project is expected to be sought in 2020, with supply of approved Tranche 2 equipment and support services commencing thereafter.

Industry Briefing: An Industry Briefing will be held at **Garden Room of the Seasons Botanic Gardens Hotel, 348 St Kilda Road, Melbourne, Vic from 10:00 AM on Tuesday 19 June 2018. Tenderers must contact the Enquiries Officer by email, by 4:00 PM on Tuesday 12 June 2018 if wishing to attend.**

Closing Date: 4:00 PM Friday 13 July 2018

Enquiries: Project Manager Land 53 Phase 1BR,
Email: Land53.ph1br.t2@defence.gov.au

OTHER GOVERNMENT DEPARTMENT TENDERS

HELICOPTER UNDERWATER ESCAPE TRAINING COURSE

AGD043549

26 JUN

- Request for Tender - Attorney Generals Department, SA

The Attorney General's Department (AGD) manages the contract and financial arrangements for the South Australian State Rescue Helicopter Service (SRHS).

The SRHS is a shared service used by three user agencies including SA Ambulance, SA Police and SA Country Fire Service.

The SRHS has two types of aircraft used by the user agencies:

- Bell 412 EP; and
- EC-130.

Helicopter Underwater Escape Training (HUET) is a requirement for all SRHS user agency flight personnel. All User Agency flight personnel are required to undertake HUET training.

SRHS is seeking quotations from service providers with the necessary qualifications, capability and experience in providing HUET courses, and the flexibility to meet SRHS

scheduling requirements, as well as a proven track record of providing HUET to clients comparable to the SRHS.

Closing Date: 2:00 PM Tuesday 26 June 2018

Enquiries: Sarah Culley,

PROVISION OF AERIAL WORK SERVICES

D18-0153

6 JUL

- *Request for Tender - Department of Corporate and Information Services, NT*

Department of Corporate and Information Services, NT wishes to establish a panel of pre-qualified aerial work operators that together can meet all the Northern Territory Government's (NTG) aerial work requirements, whether by rotary or fixed wing aircraft. As an Across Government Contract, this Contract will be used by all NTG Agencies for these service requirements, except where Agencies have existing contracted arrangements in place. As existing arrangements expire, it is expected if replaced they will be arranged under this panel. Based on a review of services conducted during recent years, the types of work that are likely to be required under this Contract include, but are not limited to:

- Rural fire management including controlled aerial burning at the end of the wet season in Top End regions; aerial incendiary work; fire survey and fire suppression programs.
- Mosquito control operations using various insecticides, requiring associated spray equipment as well as ferrying of medical entomology staff in the field to survey for mosquito breeding. Repeated landings and take offs in areas that may be inundated in shallow saline, fresh water or diluted sewage effluent with varying soil and topographic conditions.
- Surveying over land and water (up to 10km offshore) across many sites in the Northern Territory. The nature of the work is low level flying; includes surveys for dugong, leatherback turtles, dolphins, magpie geese, ghost nets and weeds of national significance.
- Weed management including survey, inspection, research and aerial application of pesticide/ herbicide. This requires both transportation and application of chemicals.
- Feral animal management, including reconnaissance, spotting, dropping of baits and aerial culling of feral animals such as camels, buffalo, donkeys, horses and pigs. The nature of the work is similar to mustering and low level flying.
- Water sample transportation from remote communities.
- Services associated with food and fodder relief.
- Emergency services to assist NT Police, such as to attend an accident or search for a missing person.

The contract is for an initial period of 48 months.

Industry Briefing: An Industry Briefing will be held at **the Meeting Room 10A, Charles Darwin Centre, 19 The Mall Darwin, NT (teleconference option available) from 10:00 AM on Friday 15 June 2018.** Tenderers must contact the Enquiries Officer if wishing to attend.

Closing Date: 2:00 PM Friday 6 July 2018

Enquiries: Shannon Tanner, Tel: (08) 8999 7009,

COMPANY OPPORTUNITIES

LARRAKEYAH BARRACKS REDEVELOPMENT AND FACILITIES TO SUPPORT NAVAL OPERATIONS IN THE NORTH

9 JUL

- Notice - Laing O'Rourke

Laing O'Rourke is supporting Defence's operations in the Northern Territory delivering both the Larrakeyah Barracks Redevelopment and Facilities Support to Naval Operations in the North projects as managing contractor.

The planning of parallel projects Larrakeyah Barracks Redevelopment and Facilities Support to Naval Operations in the North are being managed by Laing O'Rourke under a Defence Managing Contractor arrangement. Although being delivered under one Managing Contract, the scope include two distinct projects to:

J0109 Larrakeyah Barracks Redevelopment (LBR):

In the Planning Phase, the project will plan, design and gain the necessary approvals for upgrades across the Barracks, subject to Government and Parliamentary approval.

Works include:

- Upgrades to a range of basewide infrastructure including electrical, potable water, fire-

fighting, sewerage, stormwater and ICT.

- New structures for NORFORCE, new shared-user facility, car parking and upgraded to base entry precinct.

N2238 Facilities to Support Naval Operations in the North (FSNON):

In the Planning Phase, the project will plan, design and gain the necessary approvals for upgrades to the naval operations infrastructure, subject to Government and Parliamentary approval. Works include:

- A new wharf for a range of vessels to safely re-supply and re-store, such as amphibious ships, afloat support vessels, submarines, surface combatants and specialist minor war vessels, with the largest Australian vessel being the Canberra Class LHD.

- Enhanced Defence fuel facilities to provide a 24/7 fuel storage and refuelling services to Australian and foreign vessels that visit Coonawarra.

Laing O'Rourke will release 6 Expression of Interest (EOI) groups during the course of this project:

- C004 - Cadastral (Land) Surveyor
- J001 - Base Entry Precinct
- J002 - Civil Services Infrastructure (Sitewide)
- J004 - Stormwater Tunnelling
- J015 - Decanting - NORFORCE (Stage 1)
- J020 - Sewer Infrastructure (Sitewide)
- N022 - Wharf Structure
- N023 - Containerised Fuel Storage Tank

EOIs are sought from businesses capable of performing the full scope of works only.

The total project value is \$472,000,000

Industry Briefing: An Industry Briefing will be held at **Darwin Convention Centre, 10 Stokes Hill Road, Darwin, NT from 4:00 PM to 7:00 PM on Saturday 21 July 2018**.
